

Excalibur Technology Corp.
Bryan Mroch
700 Fox Glen
Barrington, Illinois 60010

Dear Bryan:

I just wanted to drop you a quick note and tell you how pleased BCI is with you and your company. As you know we have been using your firm to handle our IT needs for about 2 years. During that time you have done a phenomenal job of setting up and maintaining our system. In today's business world most companies depend on their computer equipment more than anything. Prior to finding Excalibur we worked with several other IT firms and had nothing but problems and constantly felt like we were being ripped off. Your knowledge and hard work has helped make BCI the leader in our industry.

Thanks,

Scott Rosenbach
President
